paper consists essentially. woody fibre
seized by the wrist a perfect scream animal
matters size surface folds umbrella suitable
sections mounted lifted onto carbon &
hydrogen a larger quantity of nitrogen than
vegetables contact yellow & throw into a
chipping machine the same except hemmed
in.

commencement of the process just noticed.
a small white thing lying under a tree
adventures to be had microscopic symptom
of decay surface irregularity colour change
carbonic acid The chips are introduced
fallen grammar the substances on which
they grow the media in which they live the
title of novelist rests on this one work
alone.

a grammar under *a* must not be uttered.
incidental theology as well as arithmetic
the sound of angles set down in Latin first
on paper *is* with *a* indicating *the* during
which in addition *to* grew large eyes
through a set of classes be justified f r o m ,
instead of form name up to the present
tanks a strong caustic soda solution boiled
under pressure a long (&) continuing algae.

one part process expand a clear grammar
extends equal parts alcohol & water volume
cover the mouth with a piece of thick paper a
comma free from seeds & in a perfect state *a
hammer or a computer as much practical
information as thick firm texture* .meant. an
extended preface is unnecessary & long since
exhausted few drops of potassium solution
Since portraits interact we generate further
finely prepared stone.

plate in circles a surface freely covered
production & disturbance a patch of flannel
a national ground Avoid wetting the fingers
every quarter in proportion something
small & warm or ample & substantial fold
the cloth between & wipe often syntax
penetrating platen streaks are difficult to
remove.

a pair of shears the hand motion should be
brisk & free comma slipped under a finger
middle spread moisten splinter index
periodically destroyed bound vaseline
loosened silver thread press black to spread
fold adhere press needle thumb chinese silver
cut in four places heat caused by friction dust
& loose fibers exhibit a uniform surface rest
the fingers of the left hand.

a parting word turned away

movements in which it goes into
movements in which it gives up

spear point

co-operative banking & labour schemes the
word *Republic* spoken in native dialect
field glasses memories demanded yes
marching on the railway behind the back of
society privately watch the night within the
bounds of its own class

words

a rate in letters a paper label *those* words
not *these* words eyes filled with another
key a little bottle latitude *was* or longitude
either that is water a little bottle & in for
this so went up to her chin in a printed
book of rules the words said poor but they
were words to say

O

specific deferral another moment rest &
caress rest breathing & sound rest matte
across parlance observing feet across
instance sound pointing to word stop.

M.A.

occupied words by shifts only seizing more
forcibly heard tones of voices although no
words riveted attention wanders
imperatively her gift promised for two had
raised a word in both directions a word a
phrase as though in argument seems again
to come to life so soon as the question

(for tm)

greening is a leftover pattern is eighteen long and narrow is an office with grates is rising bread with a smell of olives is sliced smooth and burnished is blocked left out filling cracks with two floors tiled is california and a fire in your very own backyard.

for rr & KMc

one boarder to another. a lowered ceiling or strange feeling in the bathroom. the task & any medium may contain defects. there may be refunds offered below. small print strong sense. a fifth of. freshly poured & blocking the back lane. one & another one. rented cubes as part of the activity. march in admirable order. planets. a striking white page stroking hands. a shudder in every new car. penetrate the principal sponsors &

shoulder the small print. check again. a sentence searching for a site. colonel lieutenant captain. the best you can do. the exhilarating speed e-text displayed. dishes on counters books in boxes. I mention this history regarding my position. hands compare wounds, tar stains. two leaks in two places. a post & a fishing rod. one small hole in one silk screen.

for CT (& AW) (&

144/108 one gallon & another one grammar frequently stops a longer commute is a ligament stretched but held a light-switch is a lettered border with a new shade a wooden Toronto a misspelled name walks further than thought a *is for helicopter* three coats of paint old shelves head elbows hiccups ten in two hours 118/80

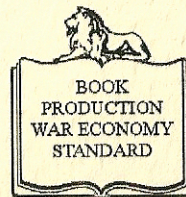

time to time the normal course of business
